

The Auxiliary to the Arnprior and District Memorial Hospital and Grove Nursing Home is always looking for new volunteers.

A number of people have been volunteering their time for 25 to 45 years. The Auxiliary would like to recruit younger people who want to be more involved.

The hours vary from one or two a month for a lot of volunteers to weekly and daily commitments; some work in only one area and others in many areas.

It is up to the volunteer how much time they would like to give; as one sorter at the Opportunity Shop put it, “You couldn’t pay me enough to do this job”, she does it because she loves to.

There are many rewards from volunteering including satisfaction and good feelings when you can help others in some way, whether it is in the hospital or nursing home or in fundraising.

Volunteers are always needed at the nursing home

We also need people who might be interested in heading up a committee when a replacement is needed or serving on the executive if that is your interest.

We have some men who are part of the Auxiliary too who do a variety of jobs, so men shouldn't feel left out. There is something for everyone!

All our efforts are appreciated by the hospital, nursing home, and board of directors.
